Athletic Performance Training

Semi-private - Age 10–22

Our process starts with a 30-minute complementary consultation with our Certified Strength and Conditioning Specialist discussing the athlete's training goals and their prior training experience. In order to create the most sport-specific type of adaptation throughout their time training at Impact, the thoughtful consideration to the demands of the sport and the athlete's goals will remain at the forefront of the programming. Using our state-of-the-art facility, we are able to help athletes push themselves to heights they never knew existed. The combination of strategic exercise progressions, thorough coaching, and scientifically proven progressive overload will lead to a healthier, stronger, faster, and more confident athlete.

Every athlete can expect attention to all areas of athletic performance including:

- Strength
- Power
- Speed
- Conditioning
- Core Strength
- Mobility/Flexibility
- Proprioception and Body Awareness
- Nutrition
- Mental Wellness

Vertimax Jump Program

Individual

Revised 10/1/22 ~ Prices subject to change at any time.
visit: <https://impactathleticsny.com/health-fitness/>

Athletes choosing the *VertiMax Jump Program* will be given an individual training program using the highly effective VertiMax Jump Training System. The VertiMax allows an athlete to maximize both explosive leg power and arm swing velocity to boost the vertical lift component which leads to exceptional vertical jump performance improvement. The ability to maximize explosive leg power will transfer to significant improvement in other critical sports performance parameters such as first step quickness and overall speed.

Vertimax Jump Program - Pricing

- 30-minute session \$40
- 5 Pack of 30-minute sessions \$175
- 10 Pack of 30-minute sessions \$225

Adult Personal Training ***Individual - Age 23+***

Our *Adult Personal Training* programming is always based on the client's goals. Once a client chooses this option, they will sit down with one of our Certified Performance Coaches and discuss what they are trying to improve. Our holistic view of health and wellness drives how we connect with each client. After a full movement screening, we will discuss the client's health history and identify areas where improvement can be made. We then create a personalized training program based on the individual's goals, prior training experience, and health history.

This program includes but is not limited to:

- Learning to train pain free
- Strength
- Weight Loss
- Improved Mobility/Flexibility
- Conditioning
- Mental Wellness

Adult Personal Training – Pricing

- 1 Session \$50
- 5 Session Pack \$175
- Bronze Package (2x/Per Week) \$225/month
- Silver Package (3x/Per Week) \$275/month
- Gold Package (4x/Per Week) \$325/month

Group Athletic Performance Training ***(8+ people) - Age 10+***

Coaching in the collegiate setting for over five years, our staff is excited to welcome groups that desire real, scientifically backed training with detailed programming. This option is

Revised 10/1/22 ~ Prices subject to change at any time.
visit: <https://impactathleticsny.com/health-fitness/>

excellent for groups of friends and/or school, AAU and Club teams. *Group Athletic Performance Training* at Impact will mimic what a college weight room training session looks like in order to prepare athletes for the next level and get a leg up on their competition. *Group Athletic Performance Training* will give the athletes an opportunity to receive thorough attention from our elite performance staff while also building camaraderie with their teammates. Modifications will be made for athletes with lingering injuries. This program also includes a group nutrition education session with our staff. IAC Performance is not responsible for forming your training group. This package cannot be used for individual training sessions.

Every team can expect attention to all areas of athletic performance including:

- Strength
- Power
- Speed
- Conditioning
- Core Strength
- Mobility/Flexibility
- Proprioception and Body Awareness
- Nutrition
- Mental Wellness
- Team Building
